I. GENERAL PROVISIONS

1. Pursuant to Articles 16 and 51 of the CAF Statutes, the *Confédération Africaine de Football* ("CAF") shall organise a yearly competition called "The CAF Confederation Cup", (the "**Competition**").

2. These Regulations govern the rights, duties, and responsibilities of CAF, the Clubs (including their respective Member Associations and leagues), Member Associations, Players, Officials, and any and all other parties in, or otherwise involved in, the preparation, organisation, or conduct of the Competition, including its qualifying phase and play-offs.

II. ORGANISING COMMITTEE FOR INTERCLUBS COMPETITIONS

1. In accordance with Article 4 of the Regulations Governing the Application of CAF Statutes, the CAF Organising Committee for Inter-clubs Competitions and Management of Club Licensing System (hereinafter referred to as the "**Committee**") shall be responsible for overseeing the organisation of the Competition in accordance with the CAF Statutes.

2. The responsibilities of the Committee shall include, but are not limited to:
    a) Determining the dates of all Matches in the Competition and modifying the dates, kick-off times or venues at any time, when deemed necessary.
    b) Replacing, in accordance with these Regulations, the Clubs declaring their withdrawal from the Competition.
    c) Ratifying the results of the Matches. If there is neither a claim nor a protest regarding a Match, the Match is automatically ratified after the end of the time limit to submit the protest. All decisions that are ratified are final and not subject to appeal.
    d) Appointing Match Officials and any other CAF delegation for each Match.
    e) Reporting matters to the CAF Disciplinary Board (hereinafter referred to as the "Disciplinary Board"). The decision of the Disciplinary Board shall be based on the written reports of the referee, the assistant referees, the official commissioner and any other official designated by CAF.
    f) Dealing with any other aspect of the Competition that is not the responsibility of any other body pursuant to these Regulations or the CAF Statutes.
    g) Taking decisions in cases of force majeure.

3. The Committee may hold one of its meetings in the country of the Member Association organising the final of the Competition.

4. The President of CAF may establish an ad-hoc Committee every year before the start of the Competition in order to establish the fixtures of the Competition of the following season.

5. Between two ordinary sessions of the Committee, the CAF Secretariat shall be authorised to consult the members of the Committee by any written means for the purpose of making decisions in urgent matters. Such decisions shall be adopted by a simple majority of the votes cast.

III. FIXTURES AND FORMAT OF THE COMPETITION

1. All Matches shall be played in accordance with the CAF competitions calendar.

2. The Competition schedule shall include:
    - The number of the Match;
    - The names of the teams;
    - The venue of the Match;
    - The name of the Member Association designated to appoint referees, or the names of the referees themselves;
    - The name of the Match Commissioner; and
    - The dates fixed for each Match.

3. The Matches shall be played exclusively in the order established by the Committee.

4. During the scheduled dates and times of a Match according to the CAF competitions calendar, no other Match may be scheduled by any Member Association or Zonal Union.

5. No Match or event shall take place in a stadium scheduled to host a Match within 72 hours prior to its kick-off time.

6. The stadium designated to host a Match shall be handed over to CAF in its entirety no later than 72 hours prior to the scheduled kick-off time. CAF shall return the stadium within 24 hours following the conclusion of the Match.

7. The Competition shall be played in two phases:

    Preliminary Rounds:

8. There will be two Preliminary Rounds, the fixtures for which are determined by means of a draw between the seeded and unseeded Clubs.

9. In case the number of Clubs has not reached the maximum number of available spots for the Preliminary Rounds (i.e., 64 Clubs), the Clubs with the highest CAF ranking, as determined by the Committee based on the results of the Clubs' participation in the five (5) previous editions of the CAF Inter-clubs Competitions, shall be exempted from the First Preliminary Round and shall start competing in the Second Preliminary Round.

10. The Matches of the Preliminary Rounds shall be played according to the "knock-out" system, whereby each Club plays each opponent twice, in home and away Matches. The Club that scores the highest aggregate of goals in the two Matches qualifies for the next round.

11. If, at the end of the regular time of the second Match, the two Clubs have scored the same number of goals during the two Matches, the Club which has scored the highest number of away goals qualifies for the next round.

12. If the number of away goals is also the same, the winner shall be determined by a penalty shoot-out in accordance with the Laws of the Game.

Group Phase:

13. The sixteen Clubs which qualify for the Group Phase will be divided in four groups of four each. The groups will be determined by means of a draw based on CAF's clubs ranking as determined by the Committee based on the results of the Clubs' participation in the five (5) previous editions of the CAF Inter-clubs Competitions.

14. Each Club shall be invited to designate a representative to attend the Group Phase draw. Should a representative fail to attend, the Committee shall nevertheless proceed with the draw at the scheduled date.

15. The Group Phase Matches shall be played in accordance with the calendar established by the Committee. In all Group Phase Matches, the following points shall be granted:
    3 points for a win
    1 point for a draw
    0 point for a loss

16. If two Clubs within a group are equal on points at the conclusion of the Group Phase, the following criteria are applied, in this order, to determine their rankings:

    16.1 Higher number of points obtained in the Matches between the two Clubs in question;

    16.2 The best goal difference in the Matches played between the two Clubs in question;

    16.3 Highest number of away goals scored in the direct encounters between the two Clubs in question;

    16.4 The overall goal difference in all group Matches.

    16.5 Highest number of goals scored in all group Matches

    16.6 A Lower total disciplinary points, based solely on yellow and red cards received by Players and Club Officials in the group Matches (red card = 3 points, yellow card = 1 point, expulsion for two yellow cards in one Match = 3 points); or

    16.7 A draw conducted by the Committee.

17. If more than two Clubs within a group are equal on points at the conclusion of the Group Phase, the following criteria are applied, in this order, to determine their rankings:

    17.1 Higher number of points obtained in the Matches played between the Clubs in question.

17.2 The best goal difference in the Matches played between the Clubs in question.

17.3 Highest number of goals scored in the Matches played between the Clubs in question.

17.4 Highest number of away goals scored in the Matches played between the Clubs in question.

17.5 A lower total disciplinary points in the Matches played between the Clubs in question based solely on yellow and red cards received by Players and Club Officials during the group Matches (red card = 3 points, yellow card = 1 point, expulsion for two yellow cards in one Match = 3 points)

17.6 If, after applying criteria 18.1 to 18.5, two Clubs are still tied, criteria 18.1 to 18.5 shall be reapplied exclusively to Matches played between the two Clubs in question to determine their final ranking. If this procedure does not resolve the tie, the criteria 18.7 to 18.11 shall be applied in the order listed below.

17.7 Highest goal difference in all group Matches.

17.8 Highest number of goals scored in all group Matches.

17.9 Highest number of away goals scored in all group Matches.

17.10 A lower total of disciplinary points in all group Matches, based solely on yellow and red cards received by Players and Club Officials(red card = 3 points, yellow card = 1 point, expulsion for two yellow cards in one Match = 3 points)

17.11 A draw conducted by the Committee.

18. The four group winners and the four runners-up shall qualify for the quarterfinals. Clubs from the same group shall not be drawn against each other in the quarterfinals.

19. The group winners shall face the runners-up from other groups in the quarterfinals. A draw shall be conducted to determine the quarterfinal pairings, as well as the matchups for the semifinals and the final.

20. The runners-up in each group shall play the first leg of the quarterfinal on their home ground.

21. The quarterfinals, the semifinals and the final shall be played over two legs, home and away. The Club that scores the highest aggregate number of goals in the two Matches will qualify to the next round or be declared champion, respectively.

22. In case of equality of goals scored during the two Matches, the team that has scored the highest number of away goals will qualify to the next round.

23. In case of equality of away goals scored, the winner is determined by a penalty shoot-out in accordance with the Laws of the Game.

24. All operations and organisational aspects of the second leg of the final are stipulated in Annexe A of the Regulations. An additional document containing further organisational requirements and financial obligations may be communicated to the host Member Association once the finalist Clubs are determined.

25. All Matches shall be played in accordance with these Regulations and with the Laws of the Game.

IV. ENTRIES

1. All Member Associations may enter one representative Club to the Competition, which must be the winner of their top domestic cup.

2. The 12 Member Associations obtaining the best results in the CAF Inter-clubs Competitions during the previous five years are allowed to register, in addition to the winner of their top domestic cup, a second Club, which must be the club classified third in the National League.

3. In case the winner of a Member Association's top domestic cup refuses or is otherwise ineligible to participate in the Competition, the Committee reserves the right to accept the runner-up of said top domestic cup, subject to an application submitted in accordance with the applicable regulations of the Member Association and/or the Regulations.

4. For Member Associations with a right to enter two Clubs, in case both Clubs refuse or are otherwise ineligible to participate in the Competition, the Committee reserves the right to accept the runner-up of the top domestic cup and the next ranked Club in the top domestic league of said Member Association, subject to an application submitted in accordance with the applicable regulations of the Member Association and/or the Regulations.

5. If the National Cup winner of a country is at the same time the holder of the Champions League and wishes to defend its continental title, CAF may accept the engagement of the runner-up of the top domestic cup, subject to an application submitted in accordance with the applicable regulations of the Member Association and/or the Regulations. In this case, the federations having the right to enter two teams, can enter the team classified third in the national league.

6. A Member Association may enter a maximum of two Clubs into the Competition. The defending champion of the Competition does not count as an additional Club. If the Member Association is entitled to enter only one Club, only the title holder of the Competition may participate.

In case the association is allowed to engage two teams and the champion is defending its title, only the holder of the title and the champion of the national cup will be allowed to be engaged. In that particular case, the runner up of the national cup will not be allowed to engage in CAF Confederation Cup. In case the holder of the title is at the same time the winner of the national cup, he will be engaged with the 3rd classified team in the national league in accordance with article 3 of the present chapter. In case the holder of the CAF Confederation Cup is the 3rd of the national league, he will be engaged with the winner of the national cup.

In case the holder of the title is engaged in the Champions League, the provisions of articles 2, 3, 4 and 8 are applied without taking into consideration the holder of the title.

7. If for any reason, the top domestic cup of a Member Association did not take place or was not completed, the Member Association in question has the right to enter the highest ranked teams in the top domestic championship who are not qualified to the CAF Champions League.

8. For the countries having the right to engage two teams, in case the cup winner and the runner-up cannot engage in the Confederation Cup, the Inter-Clubs Committee reserves the right to accept another club. In that case, the national league standings should be the priority over the national cup

9. Applications not submitted in accordance with the foregoing provisions shall not be considered and the Member Association concerned forfeits the right to enter a Club in the Competition.

10. Any Member Association wishing to enter a Club in the Competition shall submit an application to the CAF General Secretary accompanied by the admission fee of USD 300 (Three Hundred United States Dollars) to be paid in to CAF.

11. The application must reach CAF through the Competition Management System (CMS) no later than the 30th of June of the year of the start of the Competition.

12. An application to enter a Club in the Competition must include:

    a) The name of the Club.
    b) The logo of the Club.

    d) The official classification of the top domestic cup & top domestic championship of the Member Association which has led to the qualification of the applicant Club.

    f) Proof of the license issued to the Club to participate in the CAF Inter-club Competitions in accordance with CAF Club Licensing Regulations

g) A statement confirming that the coach of the Club has obtained a CAF coaching license. A coach who does not have a CAF coaching license shall not be allowed to sit on the bench during the Matches.
h) Official email address of the Club as well as a contact person to whom all communications related to the Competition will be sent.
i) The applicant Club's bank account details.

13. Subject to all eligibility requirements being met, the champion of the Competition automatically qualifies for the following edition of the Competition.

14. Refusal to participate in the Competition shall carry the following sanctions:
    - Prohibition to participate in any CAF Inter-clubs Competition for a period of two years.
    - A fine equivalent to 10% of the prize money allocated to the previous edition of the Competition as per CAF's agreed scheme.
15. Matters related to engagements not provided for under the present chapter shall be decided by the Committee.

V. REGISTRATION AND QUALIFICATION OF PLAYERS

1. Each Club must register their Players and officials on CAF's online Competition Management System (CMS) using their account or that of the Member Association to which the Club belongs. The profile of the Player on the CAF CMS system must be approved by the Member Association, failure of which will result in the registration being incomplete. The following information must be provided for each Player and Official:
    - Number of the jersey of the Player.
    - Nationality of the Player.
    - The complete name of the Player as it appears in his official national identity documents.
    - The name of the Player as it appears on his jersey.
    - The complete date of birth of the Player (day, month, year) as it appears in his official national identity documents.
    - Preferred position of the Player on the pitch (goalkeeper, defender, midfielder or attacker).
    - Confirmation from a doctor that the Player is medically fit to practice competitive football.
    - The name and country of the last Club in which the Player was registered during the previous season.
    - The Player's ITC (International Transfer Certificate) in case the country of the Player's last Club is different from the current one.
    - The number and the date of registration of the Player's license in his own Member Association.
    - A clear photograph of the Player.

2. Clubs will bear the legal consequences for fielding a player who has not been properly registered or who is otherwise not eligible to play.

3. The CAF Secretariat will communicate the dates and the deadlines of registration by circular letter and reserve the right to modify such deadlines at any time. In principle, there will be a registration period for the following rounds allowing Players to participate with their Clubs as of each round:
    a. First Preliminary Round.
    b. Second Preliminary Round.
    c. Group Phase.
    d. Knock-out Stage.

4. Each Club can have a maximum of 40 Players registered (with a minimum of 3 goalkeepers) at any point during the Competition. Clubs may register, deregister or replace any number of Players during each of the registration periods.

5. A Player may play in the Competition for a maximum of two Clubs in the course of the same season. In that case, the Player in question will be deregistered from the list of Players of his previous Club. As an exception, a Player can only play for one Club in the following rounds:

    - The Preliminary Rounds;
    - The Group Phase; and
    - Between the quarterfinals and the final.

6. Each Player must be assigned a jersey number ranging from 1 to 40 which they must keep throughout the Competition. If a Player is registered with a new Club during the Competition, his new Club can assign him a different jersey number. During the registration periods, Clubs may amend the jersey numbers of Players that have not been fielded. A Player is considered to have been fielded if he enters the pitch during a Match.

7. In case a Player has been loaned out to a Club and returns to his original Club, he must be assigned the same jersey number he was assigned before his loan in case he was fielded in any of his original Club's Matches.

8. In order to be registered with a new Club within the Competition, a player must be duly registered with his Member Association in accordance with the Member Association's rules and those of the FIFA Regulations on the Status and Transfer of Players. This must occur before the relevant registration period of the Competition closes.

9. CAF will send to the Member Association the list of approved Players of each Club after the closure of each registration period.

10. Before each Match, each Club must indicate in the start list the names of the 11 Players who will commence the Match and up to nine substitutes. Up to five of the substitutes may take part in the Match. A Player who has been substituted may take no further part in the Match.

11. If any of the 11 starting Players indicated in the start list are not able to begin the Match due to injury or illness, they may be replaced by any of the substitutes as long as the Match

Commissioner or General Coordinator is officially informed thereof prior to kick-off. The new substitute who is replacing the injured player is not replaced by another substitute. The Club concerned must also provide CAF with a medical report issued by the team doctor within 24 hours after the Match.

12. Any injured or ill Player who is removed from the start list will no longer be eligible to take part in the Match. Such a change to the start list will not reduce the number of substitutions that may be made by a Club during the Match. Although no longer eligible to play as a substitute, the injured or ill player who was removed from the start list before kick-off may be seated on the substitutes' bench.

13. A Club failing to have at least seven eligible registered Players at the end of each registration period, shall be automatically disqualified from the Competition.

VI. EQUIPMENT

1. Applicable regulations:

Unless specified otherwise in these Regulations, the CAF Kit Regulations shall apply to all Matches in the Competition, particularly:

2. Playing Attire sponsors:
    - Starting from the Group Phase, only the approved sponsors may appear on attire.
    - Clubs may change their attire sponsors during the season as follows:

        - A Club that qualifies directly for the Group Phase may change each attire sponsor only once during the same CAF Confederation Cup season.
    - Starting the Competition without a sponsor but subsequently using one is not considered as a change of sponsor.
    - A change regarding the content of sponsor advertising is considered to be a change of sponsor, even if the sponsor remains the same.

If a Club wants to change its attire sponsor, it must submit a request to CAF Secretariat, addressed to the commercial department, at least seven working days prior to the first Match

in which it wishes to use the new sponsor, accompanied by the items defined in the CAF Kit Regulations.

3. Non-Playing Attire Sponsors:

- Starting from the Preliminary Rounds, non-playing attire worn by Players and Club officials may contain sponsor advertising and manufacturer identification in accordance with the CAF Kit Regulations.
- Starting from the Preliminary Rounds, all additional special equipment, such as kit bags, medical bags, drink containers, blankets, towels, etc. must be free of any manufacturer identification or sponsor advertising unless indicated otherwise in the CAF Kit Regulations.

VII. PLAYERS JERSEYS

1. Each Club must wear a jersey showing the colours registered by the Club on the Competition Management System (CMS).

2. If, in the opinion of the referee, the jerseys of the two opposing Clubs may cause a visual clash, the visiting Club shall be required to change jerseys. Should the clash persist, the host Club will be asked to change jerseys.

3. If the Match is played in a neutral country, Club B (visiting Club) shall be required to change jerseys. Should the clash persist, Club A (host Club) will be asked to change jerseys.

4. Every Club must have at least two extra available jerseys, the colours of which are materially different to those in the originally registered jersey.

5. The jerseys of the Players must be numbered from 1 to 40 with the number 1 exclusively assigned to a goalkeeper. The jerseys' numbers must be identical to the numbers indicated on the Players' licenses and this for the whole duration of the competition. The names on the Players' jerseys must be identical to their names or popular names registered on CMS.

6. Advertisement is permitted on the Players' kits, during the Preliminary Rounds, provided that such advertisement is (i) allowed by the country in which the Match is being played and (ii) complies with the CAF Kit Regulations.

7. The visiting Club must always travel with two sets of kits one having advertisements on it and one totally free from advertisements.

8. Starting from the Group Phase, Clubs shall not be authorized to wear publicity on jerseys during any Match of the Competition as per the CAF Kit Regulations, unless authorized by the CAF Secretariat.

9. Decorative elements on the jerseys may not portray or give the impression of a person's face or identity, or the shape of a country or territory.

VIII. DISCIPLINARY MEASURES

1. The provisions of the CAF Disciplinary Code apply to all disciplinary offences committed by Clubs, Officials, Member Associations or other individuals exercising a function at a Match on behalf of a Member Association or Club, unless the present Regulations stipulate otherwise.

2. A Player who receives three cautions in three separate Matches shall be automatically suspended for the subsequent Match in any CAF Inter-clubs Competitions. This automatic suspension shall be communicated by the CAF Secretariat to the concerned Member Association.

3. If the same Player receives three additional cautions in three separate Matches or is sent off later in the same Competition, he will be suspended for the two subsequent Matches in any CAF Inter-clubs Competitions.

4. At the end of the Group Stage, the cautions that do not lead to a suspension are cancelled.

5. A Player who is sent off is automatically suspended for the subsequent Match of the any CAF Inter-clubs Competitions, without prejudice to further sanctions the Disciplinary Board may impose on him subsequently.

6. Between two sessions of the Committee, the General Secretary, in consultation with the President of the Disciplinary Board, is empowered to impose disciplinary measures on all incidents registered on the official Match reports, before, during or after the Match, and this in conformity with the regulations of the competitions and CAF Disciplinary Code.

7. A Player who is sent off in three separate Matches or has received nine cautions in nine separate Matches within a season is automatically suspended from all the remaining Matches within said season, without prejudice to further sanctions the Disciplinary Board may impose upon him subsequently.

8. In case of serious violations, the guilty Player may be suspended not only from the Competition, but also from all the competitions organized by CAF.

9. Before every Match, the CAF Secretariat shall communicate to the Match commissioners and referees the name(s) of the suspended Player(s). In this case, the suspended Player(s) shall be prohibited from taking part in the Match. This prohibition shall be declared by the commissioner and/or the referees designated by CAF. Defaulting commissioner and/or the referees shall be sanctioned by CAF in accordance with the applicable regulations.

10. Notwithstanding the above provision, each Club remains solely responsible for ensuring that all Players fielded in a Match are eligible. The Club and Member Associations shall bear all legal consequences resulting from the fielding of an ineligible Player.

11. Any Club found by the Disciplinary board to have committed or attempted fraud concerning a Player's identity, or to have fielded an ineligible Player shall forfeit the Match in question and be disqualified from the Competition.

12. A Club Official who receives two cautions shall be automatically suspended from the subsequent match of any CAF Inter-clubs Competitions. This automatic suspension shall be communicated by the Secretariat to the concerned Member Association.

IX. MATCH OFFICIALS

1. Referees and assistant referees:

    a. The referees and assistant referees designated for the Competition must be on the most recent list of international referees and assistant referees established by FIFA.

    b. The Referees Committee designates by name one referee, two assistant referees and one reserve referee (all neutral) to officiate the Matches of the Competition. CAF reserves the exclusive right to appoint VAR Referees, Assistant VAR Referees, and Video Support Operators for any match of the competition.

    c. The reserve referee shall be a neutral referee appearing on the international referees list of FIFA. The reserve referee may be an international neutral assistant referee or an international assistant referee from the host Member Association but designated by the Referees Committee.

    d. If the designated referee is absent or becomes unfit before or during a Match, he shall be replaced by the neutral reserve referee or the neutral reserve assistant referee.

    e. If the reserve referee is from the host Member Association, the referee shall be replaced by the first neutral assistant referee and the 2nd assistant referee will become the 1st assistant referee and the reserve referee from the host Member Association will become 2nd assistant referee. In this particular case, an assistant referee from the host Member Association figuring on its list of international referees will be designated as a reserve referee for the Match.

    f. The host Member Association shall inform the appointed Match referee and assistant referees of the venue, date and kick-off time of the Match, within the time limits provided in the Regulations. The host Member Association will organise the trip of the appointed Match referee and assistant referees, as well as their stay in the country. It shall also put at their disposal a car for their local transportation. The host Member Association must provide this car to the Match officials from the day of their arrival until the day of their departure.

    g. The host Member Association will make sure that the Prepaid Ticket Advice (PTAs) are sent to the Match officials. The PTAs must be endorsable and must reach the officials of the Match at least 14 days prior to the Match. The Match referees and assistant referees are obliged to use the PTAs which the host Member Association has provided to them. The Match referees and

assistant referees are in no case allowed to purchase their own airplane tickets and ask the host Member Association for a refund. If the referees do not receive the air-plane ticket within this timeframe, the host Member Association shall be required to pay a fine of three thousand US Dollars (USD 3,000).

h. If the PTAs are sent on time by the host Member Association and the designated referees fail to travel, a fine will be imposed upon the Member Association to which the designated referees belong.

i. Any Member Association that sends PTAs to the referees must inform the Member Association to which the referees belong of the dispatch of the PTAs.

j. In the event of the absence of the designated referees, the visiting Club shall be required to extend its stay in the host city for up to 72 hours from the scheduled kick-off time. In such a case, the host Member Association shall be responsible for arranging substitute referees from a neutral neighbouring Member Association. The arrival of the international referees must occur early enough to allow the Match to be played within the 72-hour period.

k. If within said 72-hour timeframe, neither the designated referees nor those from the neighbouring Member Association arrive at the Match venue and if the visiting Club is accompanied by an international referee, that referee shall officiate the Match with the assistance of two assistant referees and a fourth official selected from the FIFA international referees list, as designated by the host Member Association.

l. Subject to the consent of the visiting Club, the Match can be played at the hour initially scheduled or before the end of the 72 hours under the refereeing of an international referee and assistant referees designated by the host Member Association.

m. Any expenses incurred because of extended stay of the visiting Club at the venue of the Match following the absence or late arrival of the referees, shall be borne by the host Member Association.

n. If it is established that the absence of the designated referees was the fault of the host Member Association, the host Club shall forfeit the Match by 2 goals to zero and shall be eliminated from the Competition, regardless of the result obtained on the field.

o. A Member Association that, on its own initiative, replaces referees or assistant referees designated by CAF, except in cases provided for in these Regulations, shall be subject to sanctions, and its Club shall forfeit the relevant Match.

p. The referees must send to CAF Secretariat within 6 hours following the end of the Match by express mail or by using the software of the competition

management system (CMS) the detailed Match report on the specific form provided by CAF.

q. The referees' report must mention the protests, if any, as well as any incidents that occurred during the Match, including the names of the Players who were cautioned or sent-off. The protests lodged in accordance with the present Regulations must be brought to the immediate knowledge of CAF by any written means after the end of the Match.

r. Starting from the quarterfinals, CAF will issue and send PTAs of the referees, assistant referee and fourth official. CAF will then deduct the cost of these PTAs from the prize money of the Clubs.

2. Match Commissioner:

a. A Match Commissioner designated by the CAF Secretariat must be present to supervise each Match. He is entitled to a place in the first row of the main tribune.

b.
