### CAF Media Statement on the developments in Kenyan football

CAF has noted with concern reports in Kenya media on the developments in that country including the alleged arrest of Football Kenya Federation (FKF) President Nick Mwendwa.

In addition, CAF has also noted the letter from FIFA to the Government authorities in Kenya on the concerns regarding the independence of the Football Kenya Federation highlighted in recent weeks. CAF supports the position of FIFA on the matter and will avail itself to meet relevant stakeholders in Kenya to discuss solutions to the current impasse in this regard.

CAF is deeply concerned about the situation and the manner in which the situation is unfolding and notes all the allegations that have been made.

CAF is committed to good governance in African football administration. At this stage, we will not make any further comments until we have full understanding of the entire picture.

CAF together with FIFA are monitoring the situation.
